PROFESSIONAL SUMMARY

Information Technology student with foundational skills in web development, database management, and programming. Eager to apply academic knowledge and practical experience to contribute to backend development, cloud, or networking projects in a professional environment.

EDUCATION

Bsc. Information Technology, *Ghana Communication Technology University* 01/2024 – Present
Relevant Coursework: Database Design, Critical Thinking, Information Systems, Accra, Ghana
Computer Networks, System Analysis And Design

General Arts, *Armed Forces Senior High Technical School* 11/2018 – 10/2021
Awarded with WASSCE Certificate Kumasi, Ghana

PROJECTS

RamTech Business Database System - MYSQL, Node.js

- Created a relational database to manage business operations, inventory, and transactions
- Built a user interface for data entry and implemented SQL queries using HTML, CSS and JavaScript
- Normalized database design to ensure data consistency and reduce redundancy

School Management System – Backend API | Node.js, Express, MYSQL

- Designed and developed RESTful APIs for student, department, course and user management
- Implemented user authentication, and data validation
- Built database schemas and optimized queries for efficient data retrieval
- Tested for API endpoints using Thunder client

DHCP Network Configuration | Cisco Packet Tracer

- Configured a wireless router to dynamically assign IP addresses via DHCP to connected devices
- Set up subnet addressing, default gateway, and DNS server settings in a simulated network environment
- Verified connectivity and address assignment through CLI testing and device status monitoring

Stopwatch web Application

- Developed an interactive web-based stopwatch with start, pause, and reset functionality
- Implemented clean, responsive design for optimal user experience

WORKING EXPERIENCE

Independent Travel Manager, *Dreamport Management (DIFC) Ltd* 01/2026 – Present
Remote

- Provided end-to-end travel consultation and booking services to clients, including flight reservations and itinerary planning
- Processed client inquiries via phone and email, offering tailored recommendations on airline tickets and travel packages
- Educated clients on travel options, policies, and service details to support informed decision-making
- Managed client communications and ensured smooth service delivery from inquiry through booking completion

Cylinder Testing & Quality Assurance Assistant - Performed systematic testing of gas cylinders to verify proper linkage and safety compliance - Followed technical protocols to ensure product reliability and operational safety - Identified and reported defects, supporting continuous improvement in manufacturing processes	10/2025 – 12/2025 Accra, Ghana
Web Development Intern, Prodigy InfoTech - Tasked to develop a responsive landing Page - Created a Stopwatch web application with HTML/CSS.	03/2024 – 04/2024 Remote
Sales Personnel, B.K Company Ltd. - Assisted sales team with customer acquisition - Collaborated effectively in team settings to meet sales objectives - Developed communication and customer service skills	01/2022 – 01/2023 Kumasi, Ghana

SKILLS

Programming: Python (Beginner), JavaScript (Learning)
Web Development: HTML, CSS, Node.js
Database & Systems: Database Management Systems (DBMS), System Design
Tools: Git, VS Code
Professional: Team Collaboration, Communication, Time Management, Problem-Solving

EXTRACURRICULAR ACTIVITES

Amalitech Coding Club GCTU, Member - Participate in coding workshops, hackathons, and peer programming sessions - Engage with industry professionals through club-organized tech talks	09/2025 – Present Accra, Ghana
PyClub GCTU, Member - Attend Python-focused workshops and collaborative learning sessions - Contribute to project-based learning and code review activities	08/2024 – Present
Association Of Computing Students, Welfare Committee Member - Support student well-being and organize academic support initiatives within the computing department - Collaborate with department representatives to address student needs and feedback	11/2025 – Present
Ghana-India Kofi Annan Center of Excellence in ICT, Trainee - Completed intensive training in modern web technologies and software development practices - Applied learning through hands-on projects in front-end and back-end development	10/2024 – 12/2024
Association of Computing Students, Events & Entertainment Committee Member - Helped organize student tech events, hackathons, and networking sessions - Coordinated event promotions and managed participant registrations - Developed teamwork, communication, and event planning skills	12/2024 – 08/2025

CONFERENCE/TRAINING ATTENDED

Web Technology Training Completed an intensive 8-week program covering frontend, backend, and database development	10/2024 – 12/2024
SUI Ghana Meetup - Gained foundational knowledge of blockchain technology and the SUI network - Engaged with industry professionals and tech enthusiasts in an interactive session	12/2024
Digital Skill BootCamp - Explored multiple technology career paths and developed a personalized learning roadmap - Selected web development as a focus area and began skill-building projects	12/2024
Tech Side Talk on Entrepreneurship - Learned about startup creation, tech entrepreneurship, and innovation ecosystems - Discussed real-world challenges and opportunities in Ghana’s tech industry	12/2024
